**Introduction**

Our firm, LiveLife Capital Partners, LLC (“we” or “our”), is registered as an investment adviser with the U.S. Securities and Exchange Commission. Brokerage and investment advisory services and compensation structures differ and it is important for you to understand these differences. **Relationships and Services**

What investment services and advice can you provide me?
<p><b>Services:</b> We offer investment advisory services to individuals, trusts and estates (our “retail investors”). These services include investment management, financial planning and family office advisory services. Our services are offered as a wrap fee program where we combine securities transaction fees and other fees and expenses with our investment advisory services. We work closely with you to identify your investment goals and objectives, as well as risk tolerance and financial situation in order to develop an investment approach.</p>
<p><b>Accounts, Investments, and Monitoring:</b> We provide services to individual, joint, retirement, trust and estate accounts. We primarily use mutual funds, exchange-traded funds, stocks, bonds, options, and independent managers in constructing portfolios. We do not make available or offer advice with respect to only proprietary products or a limited menu of products or types of investments. As part of our services, we monitor portfolios and securities in accounts on a regular and continuous basis. We also meet with you at least annually, or more frequently, depending on your needs. We offer investment management and financial planning services as part of our standard investment advisory engagement. Furthermore, when engaged on a discretionary basis, we shall have the authority, without prior consultation with you (unless you impose restrictions on our discretionary authority), to buy, sell, trade and allocate the investments within your account(s) consistent with your investment objectives. However, we may be engaged to provide financial planning services on a separate fee basis. When we provide financial planning services, we rely upon the information provided by the client for our financial analysis and do not verify any such information while providing this service.</p>
<p><b>Investment Authority:</b> We provide our services on a continuous and discretionary basis. We execute investment recommendations in accordance with your investment objectives and without your prior approval of each specific transaction. Our engagement will continue until you notify us otherwise regarding termination in writing.</p>
<p><b>Account Minimums &amp; Other Requirements:</b> We do not require an account or relationship size minimum in order for you to open/maintain an account or establish a relationship.</p>
<p><b>Additional Information:</b> For more detailed information on our relationships and services, please see Item 4 – Advisory Services, Item 7 – Types of Clients, and Item 13 – Review of Accounts of our Form ADV Part 2A available via our firm’s <a href="#">Investment Adviser Public Disclosure Page</a>.</p>
<p><b>Conversation Starters:</b> <i>Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?</i></p>

**Fees, Costs, Conflicts, and Standard of Conduct**

What fees will I pay?
<p><b>Asset-Based Fees:</b> Our asset-based fees for investment management range from 0.25% to 1.50% annually. This fee is collected on a quarterly basis and calculated as a percentage of the value of the cash and investments in your account[s] that we manage. This presents a conflict of interest as we are financially incentivized to encourage you to place more assets in your advisory account as you will pay more in advisory fees. We offer a wrap fee program, which means that your asset-based fee includes most transaction costs and custody services, and, as a result, wrap fees are typically higher than non-wrap advisory fees.</p>
<p><b>Fixed Fees:</b> Our fixed annual fees for family office advisory services range up to \$100,000 per year. This fee is collected on a quarterly basis and negotiable based on the nature and complexity of the services to be provided and the overall relationship with us.</p>
<p><b>Other Fees &amp; Costs:</b> In addition to our advisory fee, you will also be responsible for third party manager or platform fees, custody fees, account administrative fees and expenses related to mutual funds and exchange-traded funds.</p>

**Additional Information: You will pay fees and costs whether you make or lose money on your investments.** Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on our fees, please see Item 5 – Fees and Compensation of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

**Conversation Starters:** *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment adviser?  
How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice that we provide you. Here is an example to help you understand what this means.*

Some of our financial professionals are registered representatives of Purshe Kaplan Sterling Investments, Inc. (“PKS”), a registered broker-dealer. In addition to our services, your financial professional will offer you brokerage services through their separate capacity as a registered representative and will earn commission-based compensation for transactions implemented through PKS. The commissions earned are separate from our advisory fees, which creates a financial incentive to recommend that you implement securities transactions through PKS. You are encouraged to learn more about PKS by reviewing their client relationship summary.

**Additional Information:** For more detailed information, please see Item 10 – Financial Industry Activities and Affiliations, Item 12 – Brokerage Practices and Item 14 – Client Referrals and Other Compensation of our Form ADV Part 2A available via our firm’s [Investment Adviser Public Disclosure Page](#).

**Conversation Starters:** *How might your conflicts of interest affect me, and how will you address them?*

**How do your financial professionals make money?**

Our financial professionals are compensated based on an agreed-upon annual salary. Additionally, they receive compensation based on the revenue generated from the accounts they service directly. This means financial professionals have an incentive to increase the asset size in the relationship or solicit new business, taking time away from the day-to-day servicing of existing clients.
